PUBLIC NOTICE

Proposed Pumped Storage Project in Velimalai, Kanyakumari District

TNGECL intends to develop a 1100 MW/8800 MWh closed loop off-river Pumped Storage Project (PSP) based on a tolling tariff model with 8-hour continuous storage (9.2 hours pumping period) in Velimalai, Kanyakumari District to enhance renewable energy storage capacity in the state of Tamil Nadu.

This Project will be developed on a public-private partnership basis (design, build, finance, operate, maintain and transfer) through a site specific transparent competitive bidding process. The storage capacity from the Project will be utilized by TNPDC and the input electricity for the Project will be supplied by TNPDC.

Interested entities may contact the below mentioned for any further information or queries in relation to the Project.

Name : J. PREMA
Designation : Chief Engineer/Hydro (FAC)
Contact Number : 9445448814/ 9445857111
Email Id : cehe@tnebnet.org

This notice is issued in public interest and does not constitute any obligation on TNGECL or any other instrumentality of the Government of Tamil Nadu to launch a bid process for the Project pursuant to this notice. Further, TNGECL and Government of Tamil Nadu reserve the right to determine, in their sole discretion, the extent of Project-related information to be shared with any entity in the best interest of the Project.
